OBJECTIVE

As a BSc engineer, my goal is to apply my technical knowledge and skills to solve real-world problems. I aim to contribute to innovative projects that enhance society's well-being and sustainability. Seeking opportunities where I can utilize my analytical thinking and problem-solving abilities to design, develop, and implement solutions that make a positive impact.

EXPERIENCE

2023 - Present

3D Visualizer (Freelance)
FAZ Engineering & Construction
- Created 3D BIM models for 10+ residential projects using Revit.
- Rendered interior and exterior views and videos using Enscape.
- Visited and surveyed several construction sites.

INTERNSHIP EXPERIENCE

Design & Development Solution (DDS)
Intern – Basic RCC Structural Design (2024)
- Gained practical experience in structural design using ETABS software.
